ABOUT OUR COMPANY

Established in 2009 with the vision of offering advanced technology products in the medical sector, TİLİA SAĞLIK HİZMETLERİ VE BİLİŞİM LIMITED ŞİRKETİ (TİLİA MED) operates in the field of importation and sales of high-standard medical equipment and consumables. Our core mission is to contribute to people living healthier and more conscious lives through the innovative solutions we provide.

ABOUT OUR COMPANY

Our commitment to quality and reliability is certified by the ISO 9001:2015 Quality Management System certificate we obtained in 2016, registered in accordance with international standards. Furthermore, our competence and legal compliance in the sector are also documented by the "Medical Device Sales Center Authorization Certificate" issued by the Republic of Turkey's Ankara Governorship Provincial Directorate of Health. Building on these strong foundations, we continue to provide reliable service to healthcare professionals and end-users.

OUR MISSION

To bring the most current and innovative solutions in health technology to healthcare professionals and patients in Turkey, within the framework of international quality standards and ethical principles; thereby directly contributing to the improvement of human quality of life and being a reliable business partner in every product and service offered.

OUR VISION

To become the industry's reference point and leading brand in the field of medical technology in Turkey and its surrounding regions, renowned for our advanced technology products, unwavering commitment to quality, and service focused on unconditional customer satisfaction. We aim to play a pioneering role in building a healthier society by helping to shape the advancements in health technology.

COMPANY MANAGER

Setting an example for us with her diligence, our Manager Mahmut CAN has established a work culture through her innovative and supportive leadership style that brings out our team's potential and encourages continuous development.

Mahmut CAN
